

“Code 9” Convoy

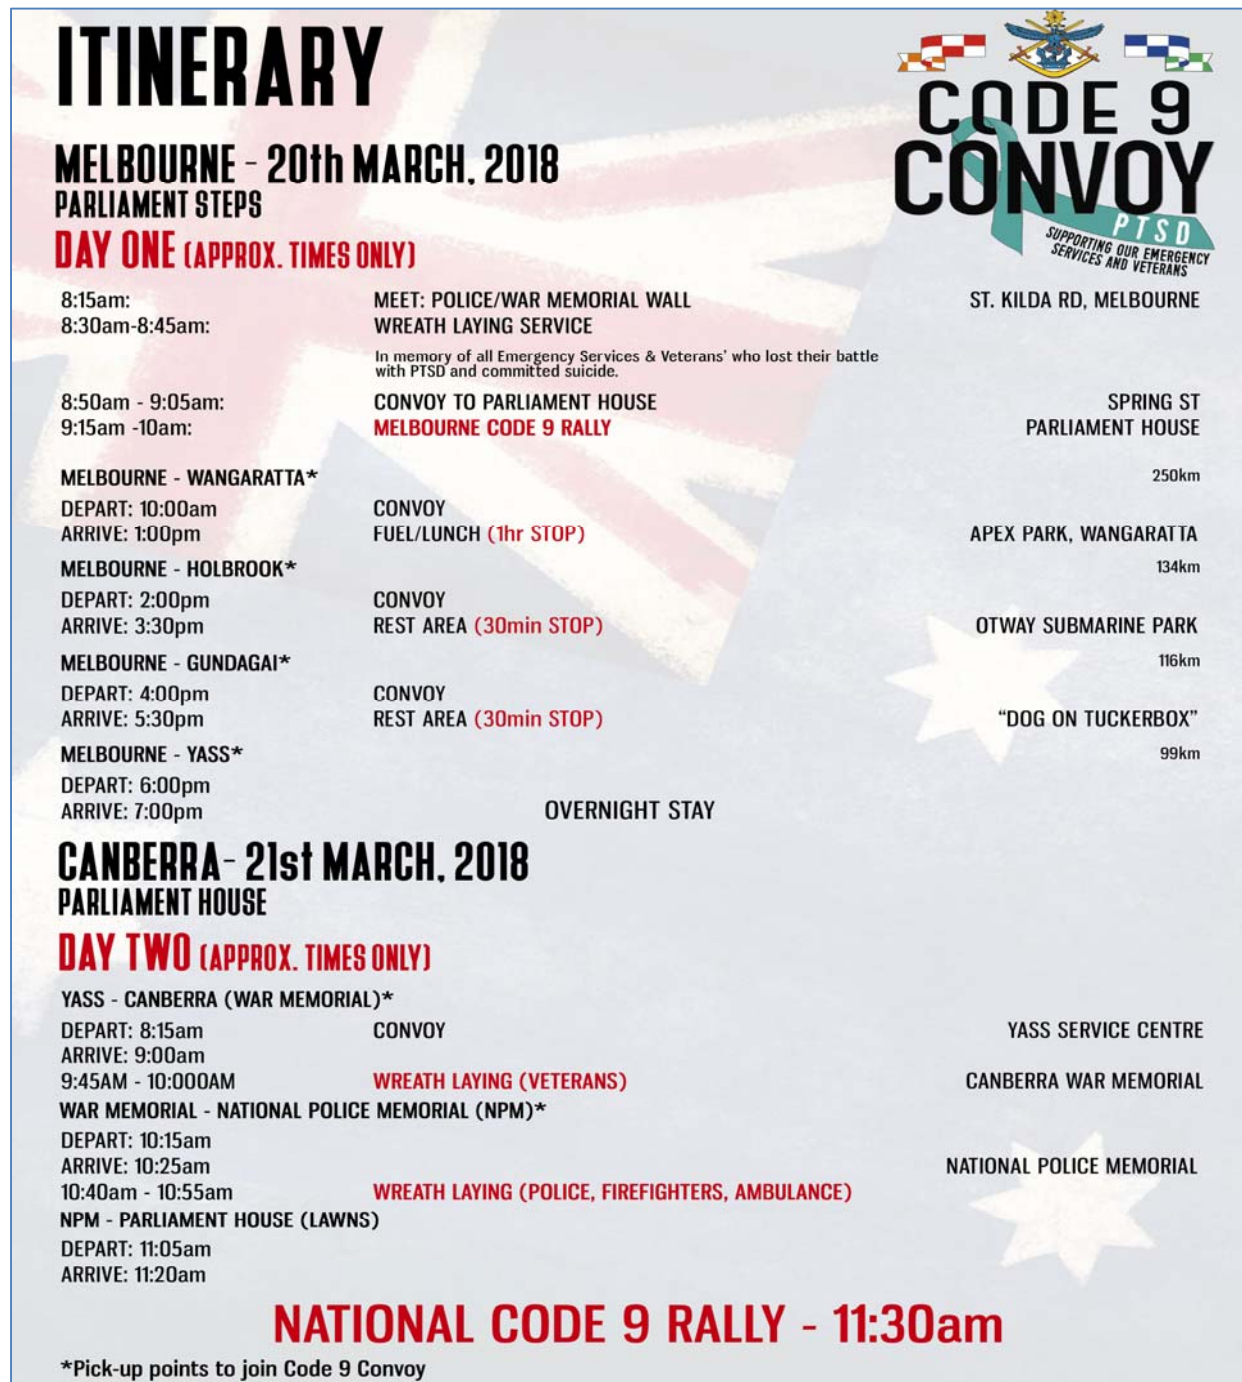

“Code 9” Convoy is to improve public awareness around PTSD, Mental Health Injury that our Emergency Service and Defence Force personnel sustain.

It is a community activity to show support to the people that protect our safety and look after our welfare. We need to stand with them in the fight against PTSD and Mental Health injury.

Join us – we’re heading by Convoy to Canberra, meeting at Parliament House lawns at 11.30 am on 21st March 2018.

This National Rally is to show the Government that Australians care about our emergency Service and Defence Force personnel. Let’s aim for zero tolerance of PTSD / Suicides amongst our Protectors.

The Government needs to provide stronger support and national legislation to reduce the harm and to support our Emergency Service and Defence Force Heroes.
